

# Perfect Choice for ASSET MANAGEMENT

HIMS, Commercial Off The Shelf (COTS) software, is a powerful database and analytical system designed to meet the needs of asset owners, managers and consultants.

HIMS stores, manages and analyses asset data on:

- Roads and Highways
- Structures
- 3 Waters (drinking water, wastewater & stormwater)
- Railways
- Power distribution lines
- Any other linearly referenced assets

HIMS has been implemented on networks ranging from 1,000 km to over 100,000 km comprising of National and State roads in several countries. HIMS is available in Client-Server, Web and SaaS models.
